

Learn it! P4

As part of our **Big Maths** initiative, all the children have number facts to learn by heart. These are not as easy as they seem - the children need to know them **INSTANTLY!** Please play lots of games with these number facts to help your child to learn them.
If you need any ideas or advice, just ask!

The children will have a timed test each week and will try to improve their score.

Though it is not part of the test, children also need to know **INSTANTLY** that e.g.

$$32 \div 4 = 8 \quad \text{and} \quad 48 \div 6 = 8$$
